Dimpy k

devops engineer

Surat, Gujarat, India

Summary

Dedicated and results-driven DevOps Engineer with one year of hands-on experience in implementing and maintaining robust and scalable CI/CD pipelines. Proven expertise in automating manual processes, optimizing system performance, and ensuring seamless collaboration between development and operations teams. Adept at deploying and managing cloud infrastructure, utilizing tools such as AWS and Azure. Proficient in scripting languages like Python and Shell for automation tasks. Strong troubleshooting skills and a commitment to continuous improvement. Seeking to contribute my skills and knowledge to a dynamic team, driving efficiency and innovation in software development and deployment processes.
